

- Meets Snow Load Requirement for Entire State\*\*
- Meets Snow Load Requirement in Some Areas of State
- Does not Meet Snow Load Requirement in Any Part of State

(\*CS) - State has 'Case Study' Snow Load requirements, typically applicable for areas in higher elevations. These requirements will vary and may be greater than the listed range for that state's Snow Load.

\*\* - Always check with local building code jurisdictions. Some states, counties or cities may have amended the IBC snow load requirements and will have different requirements than what is shown on map.
